

**Tammy Baldwin says Wisconsinites don't want a senator who fights for Wall Street, even as Baldwin herself has quietly been in a yearslong relationship with a Wall Street executive who manages the fortunes of the ultra-wealthy and helps them avoid taxes.**

Tammy Baldwin says Wisconsinites do not want a senator who will fight for Wall Street.

- **VIDEO: Tammy Baldwin said Wisconsinites do not want a senator that will fight for Wall Street.** “And, you know, the conclusion as I listen to folks, is that in their next U.S. senator, they want someone who’s going to go to Washington to fight for them, not for Wall Street, not for the big insurance companies.” (“10-29-2012 Tammy Baldwin at La Crosse WI,” [WIDemocrats](#), 10/29/12)

However, Tammy Baldwin has quietly dated a Wall Street executive who manages the fortunes of the ultra-wealthy and helps them avoid taxes.

- **Baldwin has been dating Maria Brisbane since 2018.** “Records show that Baldwin and her partner, Maria Brisbane, bought a condo together in August 2021. Baldwin and Brisbane have been dating since 2018.” (Daniel Bice, “Bice: Tammy Baldwin bought pricey new D.C. pad with partner in 2021,” [Milwaukee Journal Sentinel](#), 6/16/23)

*Note: The reference to Brisbane in the above Milwaukee Journal Sentinel article from 2023 appears to be the first time Baldwin was publicly tied to Brisbane, even though they began dating years prior. Therefore, it can be argued that Baldwin has been “quietly” dating Brisbane.*
